Manufacturer: **CHUDĚJ, s.r.o.**

Hutisko 310, 756 62 Hutisko-Solanec

Company ID: 25390236

The product has been examined using materials submitted by the manufacturer, initial tests of the product type have been conducted on samples of the product, and the system of production management has been evaluated, whereby it was established that the product meets the technical requirements set forth by technical certificate 227-STO-22-0021 arising from the relevant basic requirements.

The authorized entity has established that the production management system conforms to the relevant technical documentation, thus the authorized entity is satisfied to state that the product to be marketed meets the aforesaid requirements set forth by the technical requirements and conforms to the technical documentation specified in Section 4(3).

An inseparable part of this Certificate is Protocol No. 227-P5a-22-0021, dated 24.02.2022, which contains the conclusions arising from the examination, verification, and results of the tests, basic description of the certified product, necessary for the product's identification.

This Certificate remains valid as long as the aforesaid requirements set forth by standards and technical requirements, or the manufacturing conditions at the manufacturing site, or the production management system do not change significantly.

Authorized entity No. 227 conducts inspections at the manufacturer's site at once every 12 months to ensure proper functionality of the production management system in accordance with the provisions of Section 5(a) of the above cited Governmental Directive. In the event that the authorized entity detects shortcomings, it has the right to repeal or amend the Certificate.
